

Bridging the Gap - A Temporary Contact Program offered by Alcoholics Anonymous - Group Name: _____

*All of this information will be kept confidential. Please fill in **all** of the columns.

[illegible]

We ask your age so we can pair you with the person being bridged to someone as close to their age as possible. We ask your gender so we can pair the person being bridged to someone who identifies with the same gender or an ally.

By adding your name to this list, you are agreeing to "bridge" a person newly discharged from a treatment facility. Bridging consists of helping a new person become acquainted with fellow AA members and the AA program. Sponsorship, and transportation are not mandates of Bridging the Gap. We suggest that you "Bridge" to AA meetings in near proximity of the persons residence. Offer accompanying this person to their first two or three meetings and introduce them to as many members as possible. Encourage them to introduce themselves.

Be Safe. We suggest having the individual meet you at meetings. If you choose to give the person a ride, never go alone. Always have another sober person in the vehicle with you. Be a good example. Thank you so much for your service. Your service can save lives.
